## **Resource Spotlight: Grief Support & Advanced Care Planning Info Session**

Are you or someone you know grieving a loss? This is especially hard right now due to the additional stress and isolation we are all experiencing as a result of the pandemic, but support is available - join to learn more about grief resources for you and your clients.

Have you asked your loved ones what sort of medical care they want in a terminal situation? Have you told them what you want? These issues aren't always easy to talk about, and many of us have no idea where to start. But you don't want to wait for a crisis! Please join Alive Hospice on August 11th at 10 am to learn more about these resources.

**August 18th**

**11:00 am -  
12:00 pm**

**Click to  
register [here.](#)**

## **Violence & Addiction: The Role of Substance Use in Interpersonal Violence**

Substance misuse is an issue that is continually on the rise in our communities, and can pose an additional risk for victims of interpersonal violence. There are many ways in which substances can be used as a tool of power and control to perpetuate harm. This training will explore the increased risk to victims whose abusers misuse drugs or alcohol, the link between victimization and substance abuse, and how providers can best serve survivors of interpersonal violence in recovery or in active addiction.

**September 1st**

**10:00-11:30 am**

**Click to

## **Safety Planning: Strategies for Survivor Well-Being**

What is safety planning and why is it so important for those working with survivors of interpersonal violence? This webinar will explore strategies for safety planning, including specific considerations for victims in high risk situations, and attendees will leave with an understanding of how to assist clients in creating personalized plans to stay safe and promote well-being.
